<Work>

Pigsback.com // Web Designer // 2005 - Present

I work with a broad range of clients on a daily basis; designing, building, updating and maintaining the site. Tasks range from error fixing to the design and build of new feature sections, as well as regular jobs like creating email graphics and updating sponsored zones.

This involves working with the Adobe CS3 suite and our custom CMS, utilising XHTML, CSS, Photoshop, Illustrator and some Flash work. Each day brings a range of different tasks, working with a broad range of clients such as Diageo, Apple, Paramount Pictures, Tesco, AIB, Nestle, DAA, Betfair, O2, Three Mobile and Coca Cola.

In 2007 I was sent to Toronto to work as a consultant for a Pigsback Canadian startup, which involved developing the Canadian version of the site and training new staff in our guidelines and processes.

Freelance // 2007 - Present

I also work under my web alias *Flynnduism* as a creative outlet to explore more varied and progressive types of work.

Projects undertaken range from portfolios to charity organisations and website revamps, developing new logos to instill a new lease of life into outdated brands. My experience in this area includes a lot of blog theme customisations, utilising Wordpress as a CMS for clients relatively unfamiliar with the web, working with PHP and CSS.

Current freelance projects include FujiPix.ie, MovieExtras.ie and UCC Med Soc.

<Skills>

Software

Photoshop
Illustrator
Flash
Dreamweaver

Languages

Hand coded CSS/XHTML
Basic Actionscript
Basic Javascript
PHP (Wordpress)

<Education>

Bsc in Multimedia // DCU // 2002 - 2006

During this 4 year degree programme I got to grips with graphic and web design, flash, illustrating, 3D modelling, audio and video production and special effects editing.

Leaving Cert // St Colmans, Fermoy // 1996 - 2002

Studied eight subjects for my Leaving Cert, achieving 500 points which included A2's in Honours Level Art, Applied Maths and Technical Drawing.

<Interests>

I love music and film, attending concerts, collecting vinyls and playing guitar.
